## FULL BLEED PRINTING TEST

---

---

Print this file on 8½" x 11" paper  
make sure to set "page scaling" to "none"  
set your printer margins to 0",  
or choose "borderless printing"

Each of the 4 black bars are .15" x .5"

If, when printed, the black bars extend all the way to the edge of the paper (with no white gap) you are able to print full bleed.

If there is a gap between the edge of the paper and the black bar, you are not able to print full bleed.
